

# Extra Board Guarantees

If your extra board guarantee is reduced due to being off the board for FRA mandated rest, you should submit a penalty claim for each day you are shorted on your guarantee.

Your PE 8 hour claim should state:

This is a claim for the restoration of the carrier's offset from my guarantee in the pay period ending \_\_\_\_\_. My guarantee was improperly offset in violation of BLE NKP Agreement, Article 21, Sec 1 (e), (f), which provides that the guarantee will be reduced if the employee is suspended as a result of disciplinary action, lays off at his own request with permission, is not available for personal reasons, or misses a call, earnings lost as a result thereof will be deducted from the bi-weekly guarantee. The guarantee offset that is the subject of this claim was for reason(s) not allowed by the governing rule.
